Indications

Extra protein intake is justified when caloric intake is reduced, during adaptation to new efforts and in the daily practice of sustained physical activity if protein intake and / or calorie intake are insufficient.

Ingredients

Instant whey proteins isolat of lactosérum among which : betalactoglobuline, alphaglobuline, IgG, albumin, peptide, lactoferrine, aroma, calcium carbonate, sodium chloride, magnesium oxide, potassium chloride, sweeteners : sucralose, ascorbic acid, alpha-tocopherol, niacinamide, ferrous fumarate, beta- carotene, zinc oxide, calcium pantothenate, pyridoxine hydrochloride, riboflavin, thiamine hydrochloride, cholecalciferol , folic acid, biotin, cyanocobalamin (vitamin B12) .

Use

Dilute 3 level scoops of powder (approximately 25 g) in 250 ml of free lactose skimmed milk using a mixer or shaker or a spoon. May also be diluted in 200 ml of water during a meal or immediately after workout.

Advise

To use during a meal and / or with carbohydrates in the hour following the end of an effort to promote protein synthesis in muscle cells and recovery of the athletes.
